## ASSESSMENT OF REAL ESTATE IN CITY WILL GO UP

**Assessor Orr Believes it Will More Than Offset Personality Drop.**

**Compliment Paid Him by Supervisor.**

### BOARD HAS FINISHED WORK.

That the total assessment on real estate and personal property in Paducah for 1910 will exceed that of 1909, is the opinion of City Assessor J. W. Orr, who has just completed his books which are ready to be turned over to the board of equalization for verification. Although the assessor believes that the assessment on personal property will fall short only a fraction, he is convinced that there will be a big increase in real estate assessment, swelling the total beyond that of 1909, which was \$11,553,122.

January 3, or the first Monday in the new year, the board of supervisors, composed of Bill G. Boone, James Glauber and George Emery, will assemble for their annual work going over the figures of the city assessor. Last year they pronounced Mr. Orr's books the cleanest set they had gone over in years and there were fewer corrections to be made than ever before. Mr. Orr's experience last year has made him more competent in the listing of property in Paducah, and he believes the next investigation by the supervisors will result in very few mistakes.

Several times a falling flat year cut down the personal assessment, while this year there will be a slight falling off. The total personal assessment for 1909 was \$3,011,738, while the real estate figured in total of \$7,630,614. White real estate amounted to \$7,412,993, and white personal, \$2,991,478. Colored real estate was \$217,615, and colored personal was \$20,520.

After the supervisors complete their work the property assessment may exceed the total for this year. Last year the board was busy for five weeks and it will require about this length of time for the 1910 assessment. They met this week and went over several complaints referred to them by the general council and several errors were found and alterations made.

**In Police Court.**  
Drunkennes—Robert Shelton, fined \$1 and costs. Breach of peace—Jesse Sanderson, continued until Monday. Suffering gambler—Rudolph, continued until tomorrow.

**Rescue Mission Benefit.**  
On account of the bad weather last night, the Floating Palace, which was to show at the foot of Elizabeth street for the benefit of the Rescue Mission, postponed the entertainment, and will give it tonight. It is for a very worthy cause, and it is hoped will have a big patronage.

**Board of Health Disposed.**  
On account of Mayor James P. Smith being absent from the city the meeting of the board of health, set for tomorrow afternoon, has been continued until he returns home. Several important matters are to be discussed under sanitary lines.

**Selecting Appraisers.**  
Deputy Sheriff Gus Rogers is this afternoon selecting appraisers to appraise two gasoline bents and other property of Roger Furr, which were attached last month to satisfy alleged debts of the Paducah Brewery company and Friedman, Keller & company, amounting to about \$500.

## LITTLE HOPE HELD OUT FOR HURLEY

With hardly a ray of hope for his recovery, ex-Patrolman Aaron Hurley lies at his home, 718 South Ninth street, battling against death, which is expected at any moment. His tongue is paralyzed and last night it was thought that he would not live until daylight. Today his condition has been grave. Mr. Hurley was probably one of the best known men in the police service and until a few months ago he was on duty. His health rapidly declining, he gave up his extra officer, and in March was assigned to a regular beat. He made a good and a fearless officer of the law.

## J. W. McNeely Tipped to Succeed Chief of Police James Collins If Change is Made in Department

**Mayor Smith is Out of City and Commissioners Decline to Talk—McNeely Resigns From Traction Company.**

The idea seems to be well settled in the public mind that some changes will be made in the police and fire departments in January, and one of them is to follow the retirement of Chief of Police James Collins, after many years' service in the department.

Mayor Smith is out of the city and the police and fire commissioners refuse to discuss probable changes; but the latest tip for chief of police to succeed Chief Collins is Jasper McNeely, trainmaster for the Paducah Traction company. It is impossible to verify this rumor; but other aspirants seem to have given up hope and believe that McNeely has the call on the place, if a change is made.

It is said Mr. McNeely has resigned his position with the traction company.

## THIS WAY

### SOUNDINGS FOR OHIO RIVER BRIDGE ARE TAKEN.

More engineers are in the field at Metropolis, and two new surveys are being made. One survey will lead to Little Chain, which is below Metropolis, while a second survey will lead to Brookport, and soundings will be made of the river near Paducah. The exact location for the bridge has never been selected and it is said that the river will be sounded near Paducah, so as to see the feasibility of using the island opposite the lower part of the city for one pillar of the bridge. The survey to Brookport will leave the line running from Metropolis to Metropolis at the General May place, and run east to the Hehman farm, and thence to Brookport. The other survey will extend from Forktown to the river below Metropolis.

## BIG LOOSE LEAF SALE AT AUCTION HOUSE

Another good sale of loose leaf tobacco was held at Campbell's warehouse, Ninth and Harrison streets, this morning. 30,000 pounds being offered and sold. There were no objections and many buyers were represented at the sale. The highest price brought was \$10.10 and the lowest \$1.20. Another large sale is looked for tomorrow.

## Zelaya is Accused of Burning Their Bodies

Bluefields, via Wireless to Colon, Dec. 3.—It is reliably reported today by persons arriving from Zelaya's stronghold in West Nicaragua that the bodies of Cimon and Groce, the executed Americans, were cut to pieces and burned by order of Zelaya. Today's messages do not confirm the report that the revolutionists defied him at Rama. So far there is no decided advantage, but the condition of the revolutionists is said to be infinitely better than that of Zelaya's troops. As the result of long exposure and scarcity of food, Zelaya's forces are said to be in a pitiable condition physically.

Agents of Estrada are daily shipping arms and ammunition to the revolutionists and within a few days it is believed a force will be ready to make a concerted attack from all sides on the main body of

## ROOSEVELT KNEW OF SUGAR FRAUDS

**HE SET ON FOOT PRIVATE INVESTIGATION INTO TRUST'S METHODS.**

New York, Dec. 3.—Richard Parr, deputy surveyor of the port of New York, and who is believed to be directly responsible for the uncovering of the sugar frauds, was the star witness today at the trial of former officers and weighers of the sugar trust. He told a graphic story of their method of defrauding the government, describing the steel spring in the scales. He started the court room by saying Roosevelt, learning from an unknown source of the sugar frauds, started an independent investigation.

## ONLY ONE CHANGE UNDER NEW JUDGE

**OIL INSPECTOR AND ADMINISTRATOR WILL HOLD ON TO PLACES.**

Only one change is expected in the three appointments of the county judge when County Judge-elect Allen W. Harkley assumes charge of the office. More interest is attached to the election of officers by the fiscal court, because of the importance of the offices.

The state of Mr. Harkley as rumored on the streets is the reappointment of Wadde Lang coal oil inspector and Felix G. Randolph as public administrator. Both are part of the present administration. Jack Nelson is the present probator officer, and it is said he will be succeeded by J. W. Harkley, the father of the county judge-elect. Mr. Harkley is silent on his appointments, and only says that he has had a thousand applicants for the three jobs, which he has the power to appoint.

Mr. Harkley has announced that he will have his office at the county court house.

## CHARLES GIERSCHE WANTED IN DETROIT

Herman Gierschke, of Detroit, Mich., has written the police here, asking them to locate his brother, Charles A. Gierschke, who was last heard from at Dayton, O., in the month of September, 1903. He described him as being about 45 years of age, and five feet, six inches in height. It is thought he came here, but the police have been unable to trace his present whereabouts.

The trial of Patrolman Andy Stewart, charged with assault and battery, took place this morning in the court of Magistrate John J. Hiech. He is accused of striking Jesse Latham, colored, over the cranium.

## Prairie Fast Aground.

Wilmingon, Del., Dec. 3.—The Prairie with 700 marines, 800,000 rounds of ammunition and a quantity of field supplies aboard, bound for Nicaragua, is still helplessly aground in the Delaware river north of Fort Delaware, where she struck last night on her way south. High tide this morning failed to float the cruiser and there practically is no chance of moving her until late this afternoon. With the assistance of the government tugs, she may be pulled into deep water. Heavy fog over river practically stopped navigation today and may make the work of moving the Prairie more difficult.

## PUBLIC LIBRARY GROWING RAPIDLY IN POPULARITY

**Increase of 2,000 in Circulation Over November Last Year.**

**Rent Collections Provide Some Revenue.**

### CHILDREN'S HOUR A SUCCESS.

A splendid increase was made in the circulation of books at the public library last month over November, 1908. According to the report of Miss Jessie Hopkins, the librarian, there was an increase of 2,000 in the circulation, which shows that the patronage of the library is increasing rapidly. Last month 5,350 books were drawn from the library, and the full significance may be seen when it is noted that the total number of books in the library is 7,726.

**Rent Collection.**  
To meet the demand for fiction the rent collection was inaugurated last spring, and now an average of \$10 a month is taken in from this source. The rent collection is a duplicate collection of the popular fiction and the books are rented at the rate of one cent a day, whereby a book soon pays for itself, and is placed on the free shelves. In this manner it has been possible to add books in great demand to the library without cost.

The report is:  
Books in the library.....7,726  
Circulation of books for Nov.....5,350  
Largest issue of books, Nov. 23.....273  
Smallest issue of books, Nov. 16.....116

Adult fiction books issued.....2,375  
Attendance in general reading room.....1,139  
Attendance in children's reading room.....1,698  
Books used in reference room.....581  
Number of borrowers.....5,984  
Number of new members.....86  
**Children's Hour.**  
The children's hour is held every Friday afternoon and is conducted by Miss Vera Johnston, assistant librarian.

## JERSEY CAMP

### ELECTS OFFICERS FOR YEAR AT ANNUAL MEETING.

Jersey Camp No. 10, of the Woodmen of the World, held the annual election of officers last night at the hall, Third and Elizabeth streets. Following the election of the officers a snooker was held and a social session enjoyed by the members. The newly elected officers will be formally installed January 6, the first meeting night in the new year. The sovereign officers elected were: J. M. Cross, counsel commander; R. A. Hays, adviser lieutenant; George R. Broadfoot, clerk; J. E. Broadway, banker; A. J. Hradie, courtier; Newton Dixon, watchman; Fred Simpson, sentry; S. B. Pryor, manager for three years; J. A. Callowsy, captain of degree team; Dalton Bosler, musician.

## COMMERCIAL COURSE IN THE HIGH SCHOOL

Typewriter agents demonstrated their machines yesterday afternoon before the committee having in charge the installation of a business course in the high school. The committee hopes to have the commercial course inaugurated at the beginning of the second semester, which will be February 1.

## PROF. MIDDLETON IS CLOSING UP HIS WORK

County School Superintendent W. A. Middleton has returned from a visit to all of the county schools in the first educational division. The term of county school superintendent which he was appointed to fill out, will expire January 1, and he is closing up his work.

## Effort of Millers and Commercial Organizations Being Directed Toward Settlement of the Big Strike

**Appeal Made to State Labor Commissioner Against Importing Strikebreakers Into Northwest.**

St. Paul, Dec. 2.—Feeling of the strikers against the roads is bitter today. A legal battle between the contending factions is probable. Mayor Lawler is retained as the strikers' counsel. He brought to the attention of State Labor Commissioner McEwen the importation of strike breakers. Strikers say the roads violated the law in giving non-resident badges as special police. The strikers have asked for the arrest of all strike breakers wearing badges. Governor Eberhart has a conference with McEwen today and 96 of the 177 strikers of Duluth are reported back at their jobs.

A proposal to arbitrate the strike comes from various commercial interests of the Twin Cities, headed by a committee, composed of A. C. Loring, John Washburn, H. P. Gallagher. Hawley said he welcomed such co-operation. McEwen said he would suggest to Governor Eberhart calling off the interstate medium board, composed of the governors of Minnesota, North Dakota, Montana, Idaho and Washington. Millers are endeavoring to arrange justice between the roads and strikers. The Commercial club is interested in the movement. Freight is moved in and out at about one-fourth the normal movement.

## KING READY TO CALL ELECTION

### PRELIMINARY STEPS TAKEN TO WARD DISSOLUTION OF PARLIAMENT.

London, Dec. 3.—King Edward has taken steps to dissolve the present parliament for the election.

All the preliminaries to the great political battle were cleared away at Sandringham, where the king held a meeting with the privy council, during which he signed an order proroguing parliament until January 17, 1910. The fixing of this date was a mere formality, as before that time the present house will have been dissolved.

The session of parliament was closing, the premier said, without a financial act, and until fresh provision could be made the necessities of state could be supplied only through borrowing.

**Chaos Reigns With Lords.**  
He expressed the hope that the ultimate loss to the government would not be very great, but added that so far as the present fiscal year was concerned, it was obvious the result of the action of the house of lords must create the largest deficit yet faced. His warnings, he said, had

**His Great Toe Crushed.**  
By a wire breaking on a car, Norman Taylor, a whitehead at Fulton, had a narrow escape from losing his left foot yesterday. He caught a bad car loaded with logs, and grabbed for a wire, which broke, and he fell under the car. Only the great toe on the left foot was crushed. He was brought to the Illinois Central hospital for treatment. His home is in Viola.

## BODY OF ROBERT BRIGHT IS EXPECTED TO APPEAR

The body of Robert Bright, the negro roustabout who was knocked in the river at the wharfboat Wednesday night and drowned, is expected to rise today or tomorrow and may be recovered near the Illinois Central railroad incline at the foot of Campbell street. Bright was knocked in the head by Charles Turbin, another roustabout. His trial has been continued until tomorrow and will then be continued until Tuesday in order that witnesses may be secured.

## STATE RAILROAD VALUES RAISED

**COMMISSIONERS PUT ASSESSMENT OF PROPERTY UP TWO MILLIONS.**

Frankfort, Dec. 2. (Special).—The state railroad commissioner's annual assessment of tangible property of railroads doing business in Kentucky for taxation purposes shows \$65,885,716, against \$63,753,699 for the last year, an increase of \$2,132,019. The total increase of assessment against the L. & N. is \$567,771.

## BRITISH SHIPS SINK IN STORM

### FOURTEEN REPORTED SWAMPED AND MANY CREWS ARE MISSING.

London, Dec. 3.—At least 100 are believed to be drowned by hurricane, which swept the coast of Great Britain several days. The intensity of the storm was increased last night and many vessels were wrecked. Fourteen vessels are now reported lost, including the Congress, which collided off Stickshead with an unknown vessel. Only one of the Congress' crew escaped. The steamer Thistlemore, with her crew, has foundered in the channel and all aboard are reported drowned.

## WALSH NEARS HIS CELL IN PRISON

### CHICAGO BANKER'S APPEAL IS REFUSED AND MARSHAL HAS HIM.

Chicago, Dec. 3.—The United States circuit court of appeals today denied the motion of counsel for John R. Walsh for a rehearing of his appeal from the sentence of the district court. Walsh was committed to the custody of the United States marshal.

The opinion was delivered by Judge Grosscup and concurred in by Judges Seaman and Baker. It was oral, merely denying the rehearing motion. The court room was crowded with Walsh's friends and the commitment of the aged banker created a sensation despite the fact it was generally predicted. Walsh said nothing when his fate was announced but he looked haggard and worn and bore all the appearances of a man who rapidly was approaching the end of his resources.

The court announced that Walsh would be held by Marshal Hoy until his attorneys shall file a motion for a writ of certiorari to the supreme court of the United States, specifying January 3 as the last day when it could be done. Walsh walked out with Marshal Hoy, a crushed and dejected man.

Attorney Miller, for Walsh, entered a motion for a stay of the mandate, committing Walsh, until he could file a motion for a writ of certiorari. It was denied but the court explained that if Miller would move to commit Walsh into the marshal's custody to give him an opportunity to file a motion, it would be done. Miller made the motion and Walsh was committed.

Marshal Hoy at once took Walsh to the cell room in the marshal's office but the banker was not placed in a cell. His attorneys conferred with the marshal as to how far his custody over Walsh should go. Attorneys suggested that a deputy marshal be delegated to live with him at his home and remain with him constantly day and night. No decision, regarding it, was reached this noon, but it is expected the suggestion will be accepted.

## CONDUCTOR DAWES, WELL KNOWN HERE, MAKES LAST RUN

**Lived in Paducah Many Years ---Was on Louisville Fulton Run.**

**Mother of Rev. W. J. Naylor Dies**

### MAJOR ELLITHORPE'S FUNERAL.

Popular Robert E. Dawes, for many years a conductor on the Illinois Central railroad, died last night at 7:15 o'clock at his home in Louisville from Bright's disease. For several months his physical condition has been on the decline, and recently he was unable to be on his run between Louisville and Fulton. About ten days ago he suffered a stroke of paralysis, which was the beginning of the end.

Known up and down the Louisville division as "Bob" Dawes, there were few railroad men with more friends. About 15 years ago he removed from Texas to Paducah, and resided here until about a year ago, when he removed his family to Louisville to reside. Since then he had been in Paducah on his runs and delighted his friends with his humor. He is survived by his wife and the following children: Verne, Robert and Ethel.

He was a member of the Paducah local of the Brotherhood of Railway Conductors, and the local conductors sent a handsome floral wreath for his funeral. The funeral and burial of Mr. Dawes will take place Sunday in Kuttawa, where he resided for several years. The body will be sent from Louisville Saturday night.

**Funeral of Major Ellithorpe.**  
The funeral of Major Ellithorpe will be held tomorrow afternoon at 2:30 o'clock at the residence of his brother, W. F. Ellithorpe, 533 South Eighth street. The burial will be in Oak Grove cemetery. The Rev. C. E. Jackson will officiate.

**Mrs. M. A. Naylor Dies.**  
Mrs. M. A. Naylor, mother of the Rev. W. J. Naylor, of the Paducah Methodist church, died at Brownsville, Tenn., and will be buried this afternoon at 4 o'clock.

**Mrs. W. Nichols.**  
Mrs. W. Nichols died last night at Dawson Springs. Her husband is an operator on the Illinois Central railroad, and until about six months ago was stationed at the south yard. Mrs. Nichols was known in Paducah.

**Miss Laura Luttrell.**  
News was received today by relatives announcing the sudden death of Miss Laura Luttrell, 20 years old, yesterday in St. Louis. Her parents reside in Jonesboro, Ark., and she was in St. Louis on a visit to her brothers, James and L. Luttrell, when she became ill. Her body will reach Paducah tomorrow for the funeral and burial. For several years she resided in Paducah with her parents.

## REVENUE OFFICERS GO TO MAKE SETTLEMENTS.

All officers in the revenue service of the Second district have been called to Owensboro to make settlements before E. T. Franks is to be succeeded by Lawson Reno as internal revenue collector of the Second district. T. N. Hazell, stamp collector of Paducah will leave tonight for Owensboro to make his settlement. J. H. Happy, of Mayfield, will leave also.

## JAILER EAKER GOES AFTER VANN REDD

Armed with requisition papers, County Jailer James W. Eaker left this morning for Evansville, where he will receive Van Redd, colored, and bring him back to the McCracken county prison. Redd was one of the prisoners who escaped from the county jail July 10, and since has been at liberty. He was caught at Evansville and has been held since as a fugitive until requisition papers could be secured.

**SPITTING NUISANCE.**  
Hawking and Spitting is Caused by Catarrh Gerns.

If the local authorities want to stop the disgusting habit of spitting mucus on the sidewalks, they had better instruct the people as to the best method of killing the catarrh germs and curing catarrh.

You can easily tell by reading the symptoms below whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucus, difficulty in breathing, loss of vital force.

W. J. Gilbert has a sensible remedy (money back if it fails) for catarrh, called Hyomel, which is a vaporized air so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life and cures catarrh.

The price, including hard rubber Inhaler, is only \$1.00, and money back if it doesn't cure. Extra bottles, 50 cents.

"I have tried almost every catarrh cure on the market without benefit. Have been using Hyomel for one week and feel like a new man already."—Wm. V. Goodie, Newark, Ohio, June 21, 1900.

**MI-ONA**  
Cures Indigestion.  
It cures stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

**October Tobacco Manufacturers.**  
That trade in tobacco manufacturing lines continues to improve is proven conclusively by the internal revenue report for the month of October. Manufacturing tobacco, including both smoking and chewing tobacco, does not compare favorably with either the corresponding month last year or with the preceding month of September of the current year, but the decrease noted in the production is so slight as to really carry no special significance. The bright particular feature of the October record is the splendid showing made by cigars. From all the big factories reports of almost unprecedented activity has been coming for the past two or three months. The figures for October show that these reports were not without foundation, for the production is the largest of any single month since October, 1907, the last month before the effect of the money panic of that fall was felt in the cigar output.

**News of Theatres**  
Music and Libretto of "The Merry Widow."

In "The Merry Widow," that fascinating operetta by Franz Lehár, a strange charm of childhood has been preserved in both the libretto and music. Sonia and Danilo are grown up, but only grown up, happy, healthy, romping children.

The listener is haunted with the spell of some quaint old-fashioned, sweet-smelling rose garden in which two joyous children are playing. Both are full of life and fun. They tease, they squabble, both want their own way, and neither will give in to the other. Girl-like, she torments him; boy-like he tyrannizes. When he's gone, she's miserable; when he's home, she makes him so. They have truly a love's battle, both win, kiss and surrender, and are the hap-

py beings who in life's joys and sorrows keep the sweetness and witchery of youth.

**SHINES IN SOCIETY.**  
Women With Fascinating Hair Always Attract Attention.

If you are a woman with dull, lifeless, ordinary hair, do not feel distressed. Just make up your mind now that you can have just as luxurious and captivating a head of hair as any other woman; and quickly, too.

Just go to W. J. Gilbert's this very day and get a bottle of Parisian Sage. Use it as directed, and in two weeks your scalp will be free of dandruff, your hair will be soft, lustrous and beautiful.

If your hair is falling out, Parisian Sage will stop it.

If your hair is thin, Parisian Sage will make it grow in heavily.

If you have dandruff it will quickly vanish when Parisian Sage is used.

It prevents hair from turning gray; stops itching scalp almost instantly and is the ideal dressing for daily use.

A large bottle costs only 50 cents at W. J. Gilbert's or direct, all charges prepaid from the American Makers, Groux Mfg. Co., Buffalo, N. Y.

"For a long time my hair had been falling out and my scalp gave forth great quantities of dandruff. I used several so-called hair tonics but never received any benefit until I used Parisian Sage. This wonderful tonic cleansed the scalp and hair, removed the dandruff and stopped my hair falling out. There is nothing too good for me to say for Parisian Sage and I strongly endorse its use." Mrs. Jessie Sweet, Lowell, Mich., June 28, 1909.

work with the Stone & Webster Management association. He will be succeeded in Paducah by H. R. Sewall, of Minneapolis.

Mr. Redhead succeeded Mr. John S. Blusker as manager in 1908. Mr. Sewall for four years has been assistant treasurer of the Minneapolis General Electric company, and is a man of ability. He will arrive in a few days in order to become familiar with the management of the Paducah plants.

**ROCK ISLAND MAY TAKE OVER WABASH.**  
New York, Dec. 3.—William H. Moore, Daniel G. Reid and E. S. Moore, of the Rock Island company, will be placed on the ticket for the election of directors of the Lehigh Valley company at the annual meeting of stockholders January 18. There have been numerous reports that the Rock Island company would seek to connect the Lehigh Valley and the Rock Island companies by taking over the Wabash railroad.

**Women Who Are Enriched.**  
These attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at all druggists.

(Two doors back of Nagel & Meyer's Jewelry Store)

GOODS WILL BE SOLD AT RETAIL FOR WHATEVER PRICE THEY WILL BRING

This Sale Begins Promptly at 9 a. m. Saturday, December 4th, 1909

## THE WHITE AND RED FRONT

Having been unsuccessful in disposing (to local dealers or salvage company) of the Fire, Water and Smoke damaged stock of Men's, Boys' and Children's Suits, Pants, Overcoats and Cravenettes, amounting to \$48,843.00, which we accepted in part settlement of our claim against the insurance companies, we are compelled to throw the entire lot on the market at RETAIL and to dispose of same at ANY PRICE IT WILL BRING. As it is imperatively necessary to get rid of these goods, we intend making A SACRIFICE UNPRECEDENTED IN THE ANNALS OF MERCHANDISING IN PADUCAH.

We must have room so we can store the immense stock of new Spring goods we are receiving daily from our New York factory; as well as to facilitate shipments of orders which we have taken from the Retail trade for January 1st delivery. As we have only a short time in which to dispose of these goods we will sell every dollar's worth of this high-grade stock of Suits, Overcoats, Pants, Cravenettes, Fancy Novelty Suits, Fancy Vests, Russian and Sailor Blouses, Children's D. B. Suits, Knee Pants, Automobile Overcoats and Automobile Cravenettes, and Odd Coats at prices that would barely cover the cost of freight charges. Such extraordinary money-saving prices to be had at this Mammoth Fire Sale has never been known in the business world before. Don't fail to be present at the most remarkable sale of fire damaged clothing ever held in Paducah. You cannot afford to miss this grand opportunity to buy clothing AT ABOUT 10 CENTS ON THE DOLLAR.

REMEMBER, we will be ready to throw this entire Mammoth Fire Sale stock open to the public promptly at 9 a. m. Saturday, December 4, 1909, and we advise YOU to be on hand promptly to get first pick. We must sell, as we are compelled to clean out this entire fire damaged stock at once. Below we give a few prices to demonstrate to you the tremendous sacrifice we have made.

## Daily Thought.

In this world a man must be either hammer or anvil.—Longfellow.

"Football heroes say the game is worth the loss of life charged to the gridiron sport each fall," says a magazine writer; but we do not assume he is speaking for those who have experienced the loss of their lives on the gridiron.

Shop early is a good motto; but shop systematically is just as important. Read the big display ads. in The Evening Sun the night before, and then go where the goods are. The people with big Christmas stocks are advertising them in The Evening Sun.

"R. L. McCormick, the richest man in Tacoma, Wash., wants to succeed Senator Piles, as he prides himself on being a self-made man and on the fact that he never has had on a necktie," says the Kentucky Gazette. Those western people are more interested in statesmen who don't wear a collar.

Speaking of reports of Dr. Cook's alleged loss of mind the Louisville Herald says: "If the story is not true, its publication should have the effect of bringing a denial from some authoritative source, and putting an end to much speculation."

But, suppose Dr. Cook thinks it is none of our business.

## LOG SCHOOLS IN KENTUCKY.

The fact that Kentucky has more children of school age out of school than attend daily is not satisfactory; but neither is it as bad as would appear at first glance. The school age extends to sixteen years, and many children, having completed the common school courses, are compelled by circumstances to leave school before that age limit and go to work.

Nor are we so much concerned about the 740 log schools, if they are substantial, comfortable inside and properly heated and ventilated. The frame and brick monstrosities, usually adopted into school architecture, are not as artistic as log houses.

There are plenty of educational problems for us to concern ourselves about. The attendance, the character of teachers, the length of the term and the curriculum are more important than the material out of which the school is built, if the material is good and the surroundings wholesome.

## HOLDING ZELAYA RESPONSIBLE.

Chicago papers, led astray during the tariff debate by the influence of the big Chicago importing houses, which are naturally free traders, cannot reconcile themselves to anything at Washington. Particularly is this so of the Record-Herald, which receives the daily impress of Walter Wellman's opinion. Mr. Wellman is quite sure that Philander Knox is making a mess of the state department, and to prove it, showed how he made a bluff at Zelaya before he had ascertained the facts, concerning the assassinations of Cannon and Groce by the Nicaraguan government, and then was compelled to back down.

The news of yesterday did not indicate a back down. All the time that idea was formulating in the mind of Mr. Wellman, the government was assembling a war fleet in Central American waters and when everything was ready, Secretary of State Knox landed the Nicaraguan charge d'affaires his passport with the most startling announcement ever contained in a state paper—nothing less than the determination of this government to hold Zelaya personally responsible for the murder of those two Americans.

That ought to give Mr. Wellman's silk breeches diplomats mother jar. They may regard that as a branch of international ethics; but, for our part, we believe such Central American adventures as Zelaya, who have no regard for any kind of law or ethics, should be treated with just about as much consideration as a Barbara pirate. We can think of no more salutary lesson to these Latin-American dictators than a moving-picture exhibition of Zelaya hanging from the end of a rope. Those fellows climb into power by force of arms, use the national revenues to fatten their own

nurses; sell privileges, repudiate national obligations, and murder the citizens of foreign countries with impunity, and, then when they are cornered, call themselves a government and rely on international law to protect them.

This question was discussed by the cabinet several days ago, as stated in The Evening Sun's Washington dispatches. When Zelaya is overthrown, a new government will be formed, not in anyway responsible for the death of these two Americans, and, indeed, friendly to the young men. No redress from the new government would avail as a lesson to future tasters and Zelayas. After due consideration, apparently, the cabinet came to a decision to regard Zelaya in his capacity of lunatic and adventurer and to hold him personally responsible for his crimes.

Political leaders among Arthur Ruhl's "other Americans", don't care much about the honor of their country or themselves, or the burdens of their compatriots; but they do entertain a clear conception of the joy of living.

And in this part of the hemisphere those, who thought Mr. Taft was just fat and amiable, and his secretary of state lazy, may now sit up with interest. If the two didn't get to the bottom of this Latin American trouble with a deftness and boldness, truly Rooseveltian, we do not know what unconventional means.

## STATE PRESS.

## The State Political Outlook.

One of the most striking aftermaths of the recent election has been the tendency to localize state as well as city Democratic politics in Louisville. Having captured the local Democratic organization, nominated and elected a city and county ticket to suit himself, Col. John H. Whallen is pressing onward to the conquest of new worlds, and, if his plans do not go awry, he expects to name the next governor of the state and the next United States senator to be chosen by the legislature elected upon the same day as the next governor.

There can be no denial of Colonel Whallen's power within the Democratic party both city and state. He played for a big stake during the last seven months and he won. He brought to Louisville three-fourths of the ambitious state politicians and caused them to make speeches along lines indicated from the Buckingham as the proper thing to say. He gave it out that he and he alone could save Louisville for the Democratic party and, through Louisville, the state. He has redeemed that much of his promise as related to Louisville, and his prestige in the party is now so strong that it appears that he can do much what he pleases with the state organization.

Building upon these returns a coterie of leaders, city and state, are holding weekly meetings in Louisville to select Democratic candidates for some years to come.

At present only three names are prominently mentioned for the Democratic nomination for governor. These are Judge Allie W. Young, of the Ninth district; Congressman Ben Johnson, of the Fourth district, and Col. John R. Allen, of Lexington.

Turning to the United States senator's race, it is no secret that promises are out to elect Mr. Ollie James to the seat in the senate now occupied by Mr. Paynter. Mr. James spends three-fourths of his time in Louisville and a large part of that three-fourths close to Col. Whallen. Mr. James is credited by local Democrats as the man who invented "nigger domination" as an issue for Louisville politics, and as he helped on the Whallen-Baldeman grab at the state organization in June, 1908, he is certain of the support of the local Democracy.

In the meantime the friends of Senator Paynter are preparing for a fight. Louisville has submitted to Col. Whallen's rule, but it is not certain that the state will do the same.—Louisville Post.

## REVIVAL AT EAST BAPTIST CONTINUES TO GROW.

Five Conversions Last Night at the Meeting Led by Rev. Mr. Castleberry.

The revival at the East Baptist church continues to grow in interest and the attendance at both the afternoon and evening services is constantly increasing. Last evening the Rev. Mr. Castleberry preached a strong sermon on "Christ Suffering for Sin." There were four conversions last night. The revival will continue all this week with services both afternoon and evening.

## KING EDWARD

(Continued from Page One.)

been understood, and the responsibility of the chaos, confusion and loss must rest with the lords.

In view of the fact that the government could not continue the collection of taxes after the prorogation of parliament, the premier said that it had been suggested that the lower chamber bring in a new budget; but he thought that affairs would have come to a pretty pass when the house of commons had to stand to the humiliation of presenting to the house of lords an amended budget trimmed to meet their scruples.

To adopt such a suggestion would be a recognition of the lord's right to amend a finance bill. The only course left to the government was to advise the king to dissolve parliament at the earliest possible moment, and his majesty had accepted that advice. Accordingly the new house of commons would provide retrospectively and prospectively for the needs of the current financial year. If returned the first act of the government would be to reimpose from the present week all taxes and duties embodied in the finance bill, and to validate all past collections made in anticipation of its passage.

The object of his resolution, Premier Asquith explained, was to make a prompt and solid protest against the whole proceedings of the lords in regard to the budget. The members of the house of commons need not be ashamed to be called petards. If they used the same means as had those who, in the past, put an end to the domination of the crown in order to put an end to usurpation on the part of the lords.

He contended that there was not a single clause in the budget bill which was not relevant to the matter of raising revenue. If the contention of the lords that in rejecting the budget they were only referring it to the people, held good, no liberal government would be safe. They ought have to refer all taxes to the people and the lords would have power to advise the king to dissolve parliament.

## System of False Balance.

The upper house seemed to have the instinct of divination which enabled them to discern to a nicety, provided always a liberal government was in office, those occasions and the existence of those matters in regard to which the people's representatives were betraying the people's trust.

Premier Asquith concluded: "We are living under a system of false balance and loaded dice. When democracy voted for a liberal government the dormant second chamber awoke from its slumbers and nullified the work of the house of commons."

"We shall ask the house by this vote, and we shall ask the constituencies at the earliest possible moment, to declare that the organ, the voice of the free people of this country, is to be found in the accredited representatives of the nation."

The government's resolution was presented in substance as follows: "Resolved, That the action of the house of lords in refusing to pass into law the financial provisions adopted by the commons for the ex-

## FACT REARS MANUFACTURERS.

Want Extension of Time on Corporation Tax Law.

Washington, Dec. 3.—President Taft gave a long hearing to the delegates from the Illinois Manufacturers' association and the National Association of Agricultural Implement and Vehicle association, which asked his aid in procuring from congress an extension of time in which schedules might be filed under the requirements of section 38 of the corporation tax law.

The president told his callers that he would consider the petition. Saturday Market and Sale. Sale of useful and fancy articles, on Saturday, December 4, by the Rev. J. A. Gilbert's drug store. Special orders filled.

## SLEPT ON SLANTING ROOF AND IS CAUGHT

Picking out one of the most pecu-  
liar beds imaginable, Bob Shelton,  
colored, apparently "doped" up with  
a fair mixture of booze and "coke,"  
climbed to the roof of a shed at the  
rear of the Rev. M. E. Dodd's resi-  
dence, next to the First Baptist  
church, Fifth and Jefferson streets,  
yesterday afternoon about 3 o'clock  
and fast himself in slumberland. The  
roof slants at an angle of about 45  
degrees and Mrs. Dodd's cook caught  
the form in the peculiar position and  
the police were notified. Patrolman  
Hess was sent to the scene and rolled  
the negro from the roof and took  
him to police headquarters, where he  
was jailed on a charge of drunken-  
ness.

trade is increasing enormously.

## RESULTS OF FOOD.

Health and Natural Conditions Come  
From Right Feeding.

Man, physically, should be like a  
perfectly regulated machine, each  
part working easily in its appropriate  
place. A slight derangement causes  
undue friction and wear, and fre-  
quently ruins the entire system.

A well-known educator of Boston  
found a way to keep the brain and  
the body in that harmonious co-opera-  
tion which makes a joy of living.

"Two years ago," she writes, "be-  
ing in a condition of nervous exhaus-  
tion I resigned my position as teacher  
which I had held for over 40 years.

Since then the entire rest has, of  
course, been a benefit, but the use of  
Grape-Nuts has removed one great  
cause of illness in the past, namely,  
constipation, and its attendant evils.

"I generally make my entire break-  
fast on a raw egg beaten into four  
spoonfuls of Grape-Nuts, with a little  
hot milk or hot water added. I like  
it extremely, my food assimilates,  
and my bowels take care of them-  
selves. I find my brain power and  
physical endurance much greater and  
I know that the use of the Grape-  
Nuts has contributed largely to this  
result."

"It is with feelings of gratitude  
that I write this testimonial, and  
trust it may be the means of aiding  
others in their search for health."

Look in pkgs. for the little book,  
"The Road to Wellville." "There's a  
Reason."

Ever read the above letter? A new  
one appears from time to time. They  
are genuine, true, and full of human  
interest.

## IN SOCIAL CIRCLES

Beautiful Musical Program and Tea.  
The open meeting of the Woman's  
club yesterday afternoon, was under  
the auspices of the Musical depart-  
ment of the club. The program was  
an artistic success and was character-  
ized by the charm of detail and per-  
fection of finish that Miss Newell, the  
chairman of the Musical committee,  
believes in all she undertakes. The  
personnel of the program marked it  
a success beforehand, and attracted a  
large audience despite the rainy  
afternoon.

Miss Newell presided at the meet-  
ing and introduced the program in  
her delightfully graceful way. The  
soloist was Miss Anne Bradshaw and  
the charm and lift of her exquisite  
voice never gave more perfect pleasure.  
She sang four "Indian Love  
Lyrics" from "The Garden of Kama"  
and five "Little Japanese Songs,"  
most delightfully. Mrs. Lela Wade  
Lewie, soprano, Mrs. Clarence Sher-  
rill, soprano, Mrs. George H. Hart,  
alto, and Mrs. James Wells, con-  
tralto, were a notable quartet who  
featured some "Songs Old and New."  
"Old Folks at Home," "Aunt Lancy,"  
and "When Cupid Made Love to the  
Moon" in an irresistible way. Miss  
Newell was the sympathetic accom-  
panist.

After the program the Woman's  
club in compliment to the musician-  
ship of the city who have been so gracious  
and generous with their splendid tal-  
ents, entertained with a Tea upstairs.  
The dining-room was beautifully de-  
corated and lighted. Mrs. Maudie  
Harrington, chairman of the Hospital-  
ity committee, was assisted in re-  
ceiving by Mrs. James Campbell  
Flournoy, Mrs. J. B. Harter, Mrs.  
Sidney Losh, Miss Newell and Miss  
Hopkins. Mrs. John W. Keller and  
Miss Dowd husbands poured the tea.  
The table was most attractive in  
its appointments. Vellied in covers  
of Chiny lace, the centerpiece was a  
silver candelabrum of red candles,  
red shaded, surrounded at the base  
by asparagus ferns and red carnations.  
Four silver candlesticks with the  
red shaded candles were placed  
diagonally. Tea, dainty nut cakes,  
Japanese tea rings and mint paste  
were attractively served.

—A Popular Visitor in Paducah.

The news of the sudden death of  
Miss Margaret Bacon, of Evansville,  
at El Paso, Texas, on Wednesday,  
has been received in Paducah with  
widespread regret. Miss Bacon was  
the guest of Miss Helen Powell here  
two years ago and her charming per-  
sonality won her many friends. Her  
death was especially sad. She had  
gone to El Paso to be bridesmaid to  
a school friend, Miss Caroline Hall,  
of that city. She died on the eve of  
the wedding and all the beautiful  
flowers that decorated the church and  
home were taken down and sent back  
to Evansville with her body. The  
wedding that was to have been a bril-  
liant function was solemnized quietly.  
Miss Bacon was a member of a house  
party of Mount Vernon seminary  
girls who were spending the month  
previous to the wedding in a round of  
pre-nuptial festivity to conclude with  
the wedding, which was set for Wed-  
nesday evening. The first intimation  
that her parents had was the receipt  
of a telegram stating that their  
daughter was very sick. H. E. Bacon,  
her father, left immediately but close  
upon his departure came another  
message stating that Miss Bacon had  
died. Further than the statement  
that death was due to heart failure  
no details were given. She was the  
daughter of Mr. and Mrs. Hilary E.  
Bacon, of Evansville. She was about  
eighteen years of age and was a  
great favorite in society. She fin-  
ished school last spring and her for-  
mal debut took place soon after. Her  
sad death has cast a gloom over the  
social life of Evansville and a num-  
ber of parties have been called in.

—Jefferson League This Afternoon.

This afternoon at the Jefferson  
school building there will be a meet-  
ing of the Jefferson, or Mothers',  
league. An interesting program of  
exercises has been arranged.

—Miss Maudie Cobb to Entertain Euchre  
Club.

Miss Maudie Cobb is the Entre Nous  
hostess this afternoon at her home on  
Broadway. It is an honor event to  
two attractive Clarksville visitors,  
Miss Bessie Beach, guest of Miss  
Couta, and Mrs. Guy Martin's guest,  
Miss Louise Harrison.

—Card Party at Elks Home.

A pleasant euchre party was given  
yesterday at the Elks club house.  
Three tables played Miss Rosebud

Hobson won the prize. After the  
game sandwiches and punch were  
served. During the afternoon a de-  
cision was made to appoint at each  
meeting three hostesses for the next  
euchre. These parties will be given  
every other week from now on and  
no formal invitation will be issued.

—Charity Shower at Rest Home This  
Afternoon.

A charity shower is taking place  
this afternoon at the Charity club  
"rest room," 214 South Seventh  
street, from 2 to 5. Everybody is in-  
vited to take anything for the com-  
fort of the poor. Music and refresh-  
ments.

—D. A. R. to Give Reception This  
Afternoon From 3 to 5.

The Paducah chapter, D. A. R., is  
receiving this afternoon from 3 to 5  
o'clock in Mrs. Hubbard Wells' apart-  
ments, in the Shamrock, in honor of  
the twelfth birthday of the chapter.  
Flags and the patriotic colors are  
effectively used in decoration.

—Popular Kuttawa Couple Wed.

Mrs. W. H. Parsons, 1601 Broad  
street, returned last night from Kut-  
tawa, where she attended the wedding  
of her niece, Miss Bertha Tidale, to  
Mr. W. F. Jones. The wedding took  
place Wednesday afternoon and was  
a quiet home ceremony. Mr. and  
Mrs. Jones are popular young people  
of Kuttawa, the groom being a drug-  
gist.

## MARRIED WOMEN

Every woman covets a shape-ly figure, and many of them deplore the loss of their girl-ly forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. Sold by druggists and all other dealers. Book mailed free to all expectant mothers. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

## PLOT TO DISRUPT FIRST REGIMENT

ARREST OF MEN WHO TOOK DELINQUENT SOLDIER IN.

Will Resist the Malignant Efforts of Outsiders to Break Up First Kentucky.

TO TAKE RIGID MEASURES

Louisville, Dec. 2.—A crisis has arisen in the affairs of the First Kentucky regiment, as the Louisville militia organization is known, growing out of what the officers of the regiment say is a deliberate attempt of former officers of the regiment, Democratic politicians and others to destroy it.

It is charged that the enlisted men are encouraged to stay away from drills, are incited to disobey their officers and that civilians hang around the armory at Sixth and Walnut streets and seek to make trouble.

Col. Harry C. Grinstead, the commanding officer of the regiment, made this statement:

"A long series of attempts to destroy the First Kentucky regiment has culminated in the forcible rescue by an armed civilian of a soldier under arrest and the subsequent arrest of the police of Captain Reginald Clements and six soldiers, who had done nothing but obey my orders."

"I want to say this: I am going to meet this situation face to face, and either make the First Kentucky regiment a real regiment or we will have no regiment at all. Those interfering will get in trouble. Former officers of the regiment have, I believe, been active in fomenting trouble."

**Recent History of the Regiment.**  
Until a few months ago W. H. Haldeman was colonel of the First Kentucky regiment. He was not successful in regular examinations and resigned from the regiment. A number of other officers resigned later. Colonel Grinstead was appointed by Governor Willson to take Mr. Haldeman's place and was subsequently elected colonel by the men of the regiment.

Colonel Grinstead states that when he took hold he found the regiment so badly disorganized that discipline was practically at an end; that the men never attended drills, and that the whole regiment was a farce. He started to work with energy to make the regiment efficient.

According to Colonel Grinstead, last Tuesday Arthur Smith, a private, was arrested by a detail of soldiers for failing to attend drill and brought to the armory. Later at the armory a civilian, whose name is unknown to Colonel Grinstead, assisted Smith to escape and drew a pistol upon a soldier who tried to stop him. Colonel Grinstead sent Capt. Reginald Clements after Smith at 2 o'clock in the morning and he was caught. Later, in trying to escape, he injured himself by falling over some lumber, and was allowed to go home. He then swore out a warrant for the arrest of Captain Clements and the soldiers. They were arrested by the police and released on bond.

There the situation stands for the present.

**Col. Grinstead's Firm Stand.**

Colonel Grinstead said: "A large portion of the regiment is in open rebellion and the men are being incited by outsiders."

"I propose to send details all over the city and arrest the soldiers who have refused to attend drills. I will keep this up until either discipline is restored in the regiment or the regiment is disbanded. We have here an armory that cost hundreds of thousands of dollars for a regiment and we are either going to have a regiment that is worth the while or have none."

"Incidentally I will say that the law is strict relative to interference by civilians with the discipline of a militia regiment and some well known people who are trying to make trouble maliciously are in danger of getting into trouble."

**Trouble Makers Ousted.**

**MAY PROSECUTE OFFICIALS.**

Decision of United States Supreme Court is Awaited.

Washington, Dec. 2.—The question of criminal prosecution of Standard Oil officials in the event the supreme court of the United States affirms the decision of the circuit court at St. Paul ordering the dissolution of the so-called trust has not been under consideration, according to Attorney General Wickersham, who was asked if that course was likely.

The question of prosecution of the officials in that or any other alleged trust, it was pointed out at the department, would depend on the supreme court's action on the appeal from the recent decision of Judge Holt at New York, sustaining the plea of the statute of limitations interposed by defendants Kissel and Harmed in the so-called sugar trust cases.

### A LITTLE RED SPOT

Novel Experiment by Which It May Be Made to Disappear.

A peculiar feature about psoriasis, the new skin discovery is that no one is asked to buy it without first sending to the Emergency Laboratories, No. 32 West Twenty-fifth Street, New York City, for an experimental sample and applying same to an affected part of the skin, about the size of a silver dollar. It will clear the spot so treated in twenty-four hours—a remarkable visual demonstration of its powers.

While psoriasis has been mentioned principally in connection with the cure of eczema, the most stubborn of skin diseases, it must be remembered that when used for itch, hives, pimples, blotches, acne, itching feet, scaly scalp, chafing of infants and similar minor skin troubles, results being seen after an overnight application. As only a small quantity of psoriasis is necessary to cure such cases, a special fifty-cent package, usually sufficient, has been placed on sale at Gilbert's and R. W. Walker & Co.'s, and other leading drug stores in Paducah and throughout the country.

### HELD UP MEN WITH FINGER

Seven Men Made Victims of Unique Highwaymen Won't Prosecute

St. Louis, Mo., Dec. 2.—Seven East St. Louis men, held up by George Rejasa, who pointed his finger at them, so much admired his audacity that they refused to prosecute him. A charge of disorderly conduct was placed against him and Judge Brady fined him \$50.

The accusers of Rejasa were walking home shortly after midnight when they met a man who pointed his finger at them through his overcoat pocket and commanded them to "line up there."

They lined up.  
"I guess it's no disgrace for a fellow to hold a bunch up when he's hungry," said the man with the finger. One of the victims caught him off his guard and knocked him down. Then the others joined in the attack and a policeman appeared and placed him under arrest.

### A BALD-HEADED WOMAN.

Shorn of Her Crown of Beauty Loses in Love and Marriage.

There is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet right here where we live, are thousands of women neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They do not shampoo their hair often enough, or too often. They use soap or preparations which contain ingredients harmful to the scalp and hair.

As a result of such treatment dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, alopecia and certain diseases arising about unhealthy scalp and hair conditions.

Most people can rid themselves of dandruff and correct diseased scalp and hair conditions if they will use the right remedy. We have that remedy, and we will positively guarantee that it will eradicate dandruff and prevent baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You would better think it over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Paducah only at our store.—The Rexall store, W. B. McPherson, Fourth and Broadway.

## MORGAN CONTROLS

### EQUITABLE LIFE

TRANSFER OF FORMER RYAN HOLDINGS IS ANNOUNCED.

Exact Amount and Price Paid Withheld—Deal Is Chapter in History of Finance.

BUYS MAJORITY OF THE STOCK

New York, Dec. 3.—Control of the Equitable Life Assurance society, which was secured by Thomas F. Ryan soon after the insurance scandals of some years ago, has passed to J. Pierpont Morgan, with the \$472,000,000 of assets which the company declares in its last statement. The transfer apart from its magnitude as a chapter in the history of finance, marks a complete reversal of the old order under which the insurance companies controlled the destinies of the banks and trust companies.

News of the transfer was contained in the following brief statement issued from the offices of Morgan & Co.:

"Mr. Morgan has bought the majority of the stock of the Equitable Life Assurance society, formerly owned by Thomas F. Ryan. This purchase is subject to the trust under which Grover Cleveland, Morgan J. O'Brien and George Westinghouse were made voting trustees for the benefit of policy holders, and it covers all of Mr. Ryan's interest, including all the stock purchased by him from James H. Hyde."

**Figures Held.**

Beyond these bare facts, Mr. Morgan and his partners declined to give any details. The exact amount of the stock bought by them and the price they paid remain for subsequent announcement.

Mr. Ryan's holdings in the Equitable were bought in large part from James H. Hyde, although Edward H. Harriman had laid plans which, he supposed, were to assure him the control, which went instead to Mr. Ryan. It was during the hearings of the Armstrong insurance investigation that Mr. Harriman, when questioned on this point, coined what subsequently became a national byword. He was asked if he had settled scores with Mr. Ryan and answered tersely:

"Not yet. The public added with intuition, 'but soon.'"

**Officers Surprised.**

At the offices of the Equitable society, President Paul Morton professed ignorance of the transfer and news of the change of control seemed to come as a surprise to other officers. It is known, however, that the directors of the society and the principals to the deal were in conference yesterday and until late today, and there is authority for the statement that the transfer met with their approval.

### Funeral Diplomacy.

At the death of the Duke of Wellington the whole diplomatic corps was invited to the funeral at St. Paul's. The French ambassador, on receiving his invitation, was very much upset. He hurried off to his colleague of Russia, Baron Brunow, and confided to him the difficulty in which he was placed.

"The queen," he said, expects us to go to St. Paul's to the funeral of the Duke of Wellington. How can I refuse the invitation?"

**NO MORE GRAY HAIR.**  
It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit. The present generation has the advantage of the past in that it can get a ready to use preparation called Wyeth's Sage and Sulphur. As a scalp tonic and color restorer, this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers, and it can be bought for 50 cents and \$1 a bottle at almost any first-class drug store, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.  
For sale and recommended by W. J. Gilbert.

# STRIKE GROWS MORE SERIOUS

**CHIEF WOULD PREVENT CLASH BETWEEN SWITCHMEN.**

**Managers Issue Statement That Men Who Wicked Out Committed a Breach of Faith.**

**ROADS' OFFICIALS OPTIMISTIC**

St. Paul, Minn., Dec. 3.—Chief John J. O'Connor, of the police department, practically admitted that he considered the switchmen's strike situation serious when he issued orders requiring all members of his day force to stay on duty at central station until 10:30 p. m. and recalled all patrolmen on leave. The order went into effect last night and will continue until all danger of a clash between the strikers and the strike-breakers is ended.

Several conferences between the chief and officials of the railroads have been held. According to the latter, the beginning of the end of the strike is in sight. One official said that the railroads were handling 30 per cent of all business offered.

"We are employing new men as fast as they come, and we are moving a large amount of package freight. In a week the public will not know that there is a strike on among the switchmen."

**Employing New Men.**

Between 200 and 300 men arrived yesterday from Chicago and were distributed about St. Paul, Minneapolis and Duluth. The railway managers claim that they can get plenty of men to take the place of the switchmen and that some of the men now on hand are experienced switchmen. Some will be placed in work in the yards and others will be utilized as guards.

Five switch engines were working in the main depot yards and others were expected to be put in commission when needed. According to Third Vice-President G. T. Slade, way freight service has been re-established on practically all lines.

Certain St. Paul wholesale grocers reported that shipping conditions were somewhat improved, while commercial dealers and produce men said that conditions were unchanged.

As against the optimistic statements of the railroad managers, the strike leaders say they are in a stronger position than they have been since the strike started.

**Brotherhoods Neutral.**

They refer to the fact that the Brotherhoods of Trainmen and Conductors passed resolutions in joint session declaring that they would "stand neutral" and only do such switching work as they have always done.

Factory forces are being reduced owing to the shortage of supplies caused by the freight tie-up, and the shops of the Great Northern railroad here, employing 1,000 men, failed to open for business yesterday. All but one of the 23 big flour mills in Minneapolis are idle.

Imported strike-breakers, wearing special police badges, were reported on duty at the union station yards. President Hawley called the attention of State Labor Commissioner McEwen to the matter.

McEwen said that if the men wearing police badges were not residents of Minneapolis, they and those responsible for their presence in the state were violating the state law, and that he will at once order their arrest if they appear liable under the law.

Mayor Lawler, retained by the switchmen as legal counsel, addressed a mass meeting of the switchmen in Minneapolis. During the course of his remarks he said:

"The five men you have selected to lead your strike are tried men and true, and I would rather follow their lead than that of the ten gentlemen at the Hotel Ryan in St. Paul. Some of the newspapers give you the employers' side only and state that the managers were not notified until too late of the contemplated action of the switchmen, but I state here and now that they knew to a man that the strike order was issued and that they made no offer of a settlement to avert the impending trouble."

**Hawley Does Not Reply.**

When President Hawley, of the switchmen's union, was shown the statement of the general managers in Chicago regarding the refusal of the men to arbitrate their differences, he said:

"I do not care to make formal answer to that until I consult with Mayor Lawler, who is our legal adviser. Mr. Lawler, however, has answered every point raised by the general managers' committee in his statement which was made public here."

Mayor Lawler, in his statement, defined the position of the men and the refusal to arbitrate under the Erdman law.

The mayor says that the railroad managers, making a concerted action through the press to create public opinion in their favor, are not in a position to charge the men with unfairness in refusing to arbitrate under that law for the reason that from the beginning of the dispute the managers refused to consider a suggestion relative to an increase in wages for the men.

**Law Well Hedged.**

Mayor Lawler says the Erdman

**IF YOU NEED A MEDICINE, YOU SHOULD HAVE THE BEST.**

Although there are hundreds of preparations advertised, there is only one that really stands out prominently as a remedy for diseases of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest, for the reason that it has proved to be just the remedy needed in thousands upon thousands of even the most distressing cases.

Swamp-Root makes friends quickly because its mild and immediate effect is soon realized. It is a gentle, healing vegetable compound—a physician's prescription for a specific disease.

Swamp-Root is not recommended for everything. A Sworn Certificate of Purity is with every bottle.

For sale at all drug stores, in bottles of two sizes—fifty-cents and one-dollar.

law is so hedged about with legal provisions that, should the switchmen agree to arbitrate under that law, they would be stripped of all legal power to legitimately press their claims, and it would put them completely in the power of the railroads.

Mayor Lawler says, admitting that the decision were favorable to the switchmen, the railroads might appeal to the courts and delay a final decision from one to two years, during which time they would be compelled to work under the old schedule of wages, and it would be illegal for them to strike or in any way aid in a strike.

**Strikers Break Faith.**

Chicago, Dec. 3.—Railroad managers interested directly and indirectly in the switchmen's strike in the northwest prepared to discuss the situation here.

Chairman Martin Knapp, of the Interstate Commerce commission, arrived here with the members of the railway general managers' committee from St. Paul, who are planning to make Chicago their headquarters. Late in the day the joint committee of the railway managers issued the following statement:

"The millions of people who will suffer by reason of the growing paralysis of traffic of thirteen railways entering St. Paul and Minneapolis and by the throwing out of employment of thousands of men engaged in mining, manufacturing and commercial business dependent upon railroad facilities, should know that this situation is due to the refusal of the membership of the Switchmen's Union of North America to abide by the proposed arbitration of differences. That the present strike was called notwithstanding the commission's efforts to arbitrate, and violates the spirit of fair play which every American citizen must regard as a fundamental principle as between employer and employee."

**World Arbitrate.**

"The proposal that the question involved should be arbitrated was acquiesced in by this committee, which assumed that the switchmen shared the desire for an amicable adjustment of the question under consideration and would not willingly bring upon the public the actual hardship which a strike would occasion."

"Notwithstanding that President Hawley, of the Switchmen's Union, joined with this committee in the telegram of November 23 to Martin A. Knapp, chairman of the Interstate Commerce commission, and to Charles P. Neill, United States commissioner of labor, inviting their good offices as mediators under the Erdman act, the strike order was issued without the knowledge of the managers' committee, directing the switchmen to cease work."

work in event that their full demands had not been conceded, a violation of good faith which led to the present condition.

"The transportation of perishable freight has become practically impossible and the result can not but fall to bring hardship to the public. Every effort will be made to restore transportation conditions to the normal at the earliest possible moment."

**STRIKE MAY GROW.**

Spokane, Wash., Dec. 3.—Reports are current here that the engineers and firemen of the Great Northern and the Northern Pacific have demanded an advance in wages.

At the local offices of the Great Northern it was admitted that a new schedule was being prepared, but it was explained that this was in line with demands made several weeks ago.

The Brotherhood of Railway Trainmen does not intend to break its contract with the railroads, according to orders issued from the brotherhood headquarters. These direct that where the members of the brotherhood are in the majority in a switch yard, they shall keep their contract and continue at work.

**HOW TO CURE SKIN DISEASES.**

This is the question that has baffled the medical profession for centuries. A great many medicines have been exploited for the cure of skin diseases without much success. Most of these remedies were astringent or greasy lotions. While they might give temporary relief they did not have the power to destroy the germ life that causes the disease. You can now obtain from Mr. W. J. Gilbert, the druggist, a clean, vegetable liquid remedy for external use that will give prompt relief and permanently cure eczema and every form of skin or scalp disease. This remedy, which is known as ZEMO cures by drawing to the surface of the skin, and destroying the germ life that causes the disease. It can be used freely on infants. Mr. W. J. Gilbert says ZEMO gives the best satisfaction of any medicine he has ever sold for the treatment of all diseases of the skin or scalp.

# MAY SPLIT CHURCH

**GEORGIA METHODIST APPOINTMENTS THREATEN BREACH.**

**Rev. Bigham Is Wrathful Over Frequent Changes in Assignments—Blitter Feeling.**

Atlanta, Ga., Dec. 3.—With the positive statement that he will not return to Newnan, Ga., as pastor in charge, despite the decision of Bishop E. R. Hendrix to that effect, the Rev. H. J. Bigham reopened the dispute which is threatening to cause a wide split in the Methodist conference of North Georgia.

Mr. Bigham came to Atlanta for a conference with friends relative to the controversy which has been stirred up in Methodist circles over his recent appointments.

**Will Ask For Release.**

"Under no circumstances will I return to Newnan as pastor in charge," he declared. "I shall ask the Bishop to release me from the assignment. I have already practically asked him to do so in a telegram sent him this morning."

**Others Protest.**

Mr. Bigham was assigned to the St. John's Methodist church of Augusta at the recent conference, but protests from that body resulted in an order from the Bishop re-assigning him to the presiding eldership of the Atlanta district.

An even stronger protest from the Methodist ministers of Atlanta against the removal of Dr. J. T. Daves to make way for Mr. Bigham brought another order from Bishop Hendrix, sending Mr. Bigham back to his former charge at Newnan where he had served two years in an acceptable manner.

Mr. Bigham is recognized as one of the most capable ministers in the conference and the protests launched against him have caused his friends to rally to his support, creating a wide division of opinion among the Methodists of Georgia.

## HONOR ROLL READ AT HIGH SCHOOL

THOSE WHOSE NAMES APPEAR  
FOR NOVEMBER.

Cleorphan and Periclean Societies  
Hold Their Regular Meetings  
Today.

### THE WHITTIER SCHOOL'S ROLL

Regular programs of the Cleorphan and Periclean debating societies of the high school were held this afternoon by the students. Both societies had interesting programs. It was the first meeting in two weeks.

The program of the Periclean society was:

Roll call and reading of minutes.  
Cornet Solo—Robert Bonduant,  
accompanied on piano by Mary B.  
Jennings.

Mythological Stories—Margaret  
Endris.

Extemporaneous Talks—By mem-  
bers of the society.

"Wright Brothers' Aeroplane"—  
Clarence Yarbrough.

Selections by Glee club.

Debate, "Resolved That Municipal  
Ownership of Public Utilities is Detri-  
mental"—Affirmative, Ward Brown-  
ing and Pitman Harth; negative,  
Herbert Shelton and Fred Wahl.

Piano Solo—Nina Lee Savage.

Report of critic.

The program of the Cleorphan so-  
ciety was:

Reading—Hattie Boswell.

Recitation—Ira Jones.

Current Events—Foreign, Harry  
Delton; national, Grace Stewart;  
state, Beulah Thompson.

Debate, "Resolved That Athletics  
is Detrimental to School Work"—  
Affirmative, Albert Savage and Eliza  
Hale; negative, Mary Ellen Rogers  
and John Hawley.

Humorous Reading—Irene Robert-  
son.

Report of critic—Marvin Sills.

### Honor Roll.

Sixty-four high school students  
are on the honor roll for the month  
of November. The roll was read this  
morning at opening exercises by  
Prof. W. H. Sugg and was: Clara  
Stewart, Lorraine Sutherland, Laura  
Townes, Elizabeth Weener, Mattie

### VEGETARIANISM AND SPAGHETTI

Paul Brand Spaghetti adds a new  
joy to vegetarianism because it is not  
limited to a single dish. In fact no  
other daily food can be served in such  
a great variety of appetizing tempting  
ways. And how nourishing it is!

Wonderfully strength-  
producing and sustaining,  
it is so easy on the  
digestion. It is a food  
that means family health  
—food economy, and sat-  
isfaction in the kitchen.  
Think of it! No matter  
how many "nerveless"  
people there are in the  
family, there can be a  
new treat every day to  
please everybody—whether for first,  
second or last course. And no matter  
how often it has been served before,  
the cook will never be at a loss to  
serve it a new way. That's Paul  
Brand Spaghetti. Sold only in sealed pack-  
ages. All grocers. Five and ten cents.  
Write for free book of useful recipes.

Dear Sirs:—We are delighted to  
add our testimony to the virtues of  
Hays' Specific. We lead a sedentary  
life, which causes us to have consti-  
pation, rheumatism and stomach  
trouble. For years we have looked  
for a remedy, but in Hays' Specific  
we have found a cure. So far it has  
not failed on a single man and we  
have recommended it to many of our  
friends and know of no failures.  
This is putting it strong, but we  
stand ready to make affidavit to this  
testimonial, for the benefit of any  
who doubt it.

## BOILED ALIVE

LITTLE IRVINE ARNETTE FALLS  
INTO KETTLE.

Was Playing Horse Near Where His  
Mother Was Boiling Clothes.

Pulaski, Ky., Dec. 3.—Irvine, the  
5-year-old son of Mr. and Mrs. I. C.  
Arnette, of near Pilot Oak, died Wed-  
nesday night at 7:45 o'clock as the  
result of falling into a kettle of boil-  
ing water. Mrs. Arnette was doing  
her week's washing in a lot adjoining  
her yard and had placed a large  
kettle on the fire in which to boil the  
clothes. Her little son was playing  
horse. Finding an old rope he tied it  
to a fence post, got a whip and began  
driving his improvised steed. When  
he reached his imaginary destination  
he tried to stop his "horse." He  
threw his weight upon the rope and  
it broke and the child fell backward  
into the kettle of boiling water. His  
entire form was immersed in the  
water with the exception of his head  
and feet. The horrified mother  
snatched her child out of the seeth-  
ing caldron.  
When the victim's clothing was re-  
moved nearly all the skin on his body  
came off with them.

6.5 feet, indicating a fall of two-  
tenths of a foot since yesterday.  
Weather cloudy and business light.

### Driftwood.

The Harth returned from the Sis-  
ters' bar last night and was followed  
by the Egan this morning with a  
load of coal for Memphis.

Towing the Sunny South show-  
boat, the Wabash is due in port from  
the Mississippi river. The showboat  
will go into winter quarters.

From Riverton, Ala., the Ken-  
tucky arrived before daylight today  
and proceeded on below to inland  
lumber at Metropolis. She returns  
tonight and departs tomorrow eve-  
ning at 5 o'clock for the Tennessee.  
Delayed by a fog the John L.  
Lowery did not arrive here until 7  
o'clock this morning. Her engine  
was disabled but repairs were made  
and she got away about noon for  
Evansville. She brought in a good  
trip of corn.

All of the local packet boats are  
handling large quantities of corn.  
The Chattanooga departed at 5:30  
o'clock yesterday evening for Evans-  
ville in place of the Hob Dudley.  
The Dudley will go on the way for  
repairs.

Probably the densest fog over the  
river for months interfered with lo-  
cal steamboats last night and the  
Dick Fowler en route to Paducah  
from Cairo yesterday evening was  
forced to tie up at Ogeen's landing.  
She had not arrived this morning  
and consequently there was no Cairo  
packet.

The Ohio tied up near the New  
Liberty light last night on account  
of the fog while the Chattanooga  
was held on her way up.

In a recent decision in the suit of  
Pitzgerald-Letehfield & company  
against the steamer Charles Turner  
of Paducah, Federal Judge Walter  
Evans, of Louisville, holds that par-  
ties furnishing supplies to a chartered  
steamboat cannot hold a lien on the  
boat for the payment unless "running  
expenses" are stipulated in the  
agreement between the charter  
party and the charterer. This com-  
pany brought suit against the Tur-  
ner, owned by the Paducah & Illi-  
nois Ferry company. Paul M. Rynn,  
of Nashville, had chartered the boat
